50X1-HUM

1.

2.

a tower-like structure

at a point slightly beyond and to the left of the site of the former Verwaltungs-  
gebäude. the tower, as viewed from a distance of a little more than  
1 km, to be from 10 to 12 meters high and about 4.5 meters wide. It appeared  
to be four-cornered and to have solid walls

There was a large square opening in  
the upper half.

50X1-HUM

3. From the same point

a wind sock on the edge of the

airfield and a gallows-like mast.

50X1-HUM

4.

Peenemünde

village. SAF guards at the barrier

the entire area, Russian guards patrol  
the sites of the  
former South and North Works no signs of reconstruction in either  
area. Both areas were overgrown with weeds but the railroad sidings leading  
to the site of the North Works are still in existence and a  
large tank car standing there. there were  
Russian patrols in the area.

50X1-HUM

5.

the eastern side of the area of the former North Works  
and the point where Test Bed No. 9 was formerly situated. There  
were no signs of activity in the whole area nor along the coast to the north.
